

**OSW** Equipment & Repair, Inc.

## Super Solo Dump Body Configurations Custom Built to Meet Your Needs

OSW builds a complete line of super solo dump bodies for your trucking needs. Specify your body with 3mm AR400, 4mm AR400 or 3/16 AR400 floor with 12ga GR80, 10ga GR80 or 3/16 AR400 sides tailgate and dash and we will outfit your truck to carry the maximum payload. Up to 26 ton payload with the right configuration.

### Super Solo Dump Body

- Maxle rear lift axle.
- Air ride suspension on rear axle.
- Single Hydraulic system.
- Inside cab controls.

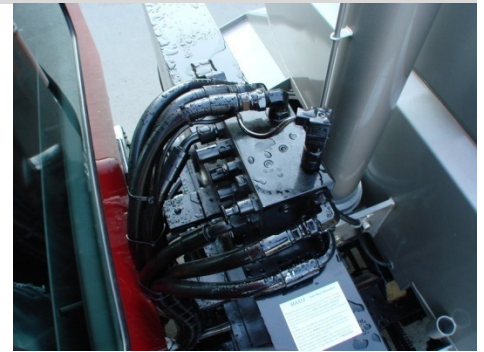

- Hydraulic valves and tank mounted behind cab with easy access.
- Heavy-duty rear hinge assembly.
- Electric and manual tarp systems.
- LED lights.

## Super Solo Dump Body

At OSW we can meet all of your dump truck needs. With the OSW super solo dump body you can deliver the maximum payload in tight to fit locations with no trailer needed.
